

PROJECT: GREENVILLE STREET PARK

SITE PLAN

DESCRIPTION

PROJECT DESCRIPTION

Georgia Development Partners, jointly with Batson-Cook Company, was selected in February 2007 by The City of Newnan to construct the Greenville Street Park. The park was designed to be urban and formal with substantial hardscape elements that included a 300' stone colonnade, amphitheatre, fountain, seating plaza, exhibition stage, trellised open air pavilion, monuments, and memorial statues. GDP worked collaboratively with the Newnan Parks Commission, City Staff, and planning consultants to achieve budget and scheduling goals while creating a community icon to last generations.
