

PROJECT: FIRST AVENUE PARK

SITE PLAN

DESCRIPTION

PROJECT DESCRIPTION

Georgia Development Partners was selected in June 2006 by Newnan City council to construct the First Avenue Park. The park is the first of several “park redevelopment” projects proposed by The City of Newnan, and it contains significant landscaping, multi-purpose fields, numerous hardscape elements, walking trails, a playground, benches, picnic pavilions and parking. GDP worked closely with City planners and officials throughout the development process to insure that the park exceeded the vision set forth by the City. In 2007 it received awards from Newnan-Coweta Historical Society for excellence.

LOCATION

The City of Newnan, Georgia

ROLE

General Contractor
Park
Hardscape
Landscape
Recreational Equipment

PERIOD

2006 - 2007
